

JUNE Monday	Tuesday	Wednesday	Thursday	Friday
2	3 All areas mow, edge, blow	4	5	6
9	10 All areas mow, edge, blow	11	12	13
16 <i>EDGE TRIMMING and WEED SPRAYING BEGINS THROUGHOUT PELICAN STRAND</i>	17 All areas mow, edge, blow	18	19	20
23	24 All areas mow, edge, blow	25	26	27
30		Our area is expecting a significant amount of rainfall throughout the week. As a result, our regular landscape maintenance schedule	will be disrupted. Even after the rain subsides, the ground will likely remain overly saturated. Mowing in such conditions can cause damage to your lawn,	including unsightly ruts and soil compaction, which we want to avoid at all costs.

The purpose of this calendar is to show upcoming plans. Weather and other factors may affect actual date.

NOTE: Each home's flower beds are sprayed once monthly for weeds. May take up to 7 days for effectiveness.
