

## APPROVED PELICAN STRAND PAINT SCHEMES

The paint schemes provided in this book are the only approved schemes to be used in Pelican Strand. There are a total of 60 paint schemes. There are:

40 door colors, that may be used with any scheme.

5 “universal trim” colors, which consist of varying shades of white. The universal trim may be substituted for the trim color shown with the scheme.

There will be NO alterations of any scheme.

You will need to submit an ACC House/Driveway Paint application. Follow the instructions provided on the application. You must receive your approved and signed application from the ACC Secretary prior to beginning any painting.

Upon completion of the job, you must submit a Notice of Completion (NOC), along with a color photo, to the ACC. Once approved, you will receive a signed copy from the ACC for your records.

Please follow the Guidelines for Exterior Painting.

Please DO NOT remove any pages from this book.

## Guidelines for Exterior Painting in Pelican Strand

The following guidelines must be followed when submitting an ACC application for painting the exterior of your home:

1. There will be NO alterations to any paint scheme selected.
2. A maximum of 3 colors may be used on a house. This would include:

Body – The main color of the house

Trim – The designated trim on the house. Trim color may also be used for a front door, garage door, shutters and decorative pieces that are part of the house such as vents, keystones, corbels, etc.

Door – To be used on front door and shutters only. Not to be used to accent any part of the house.

3. Garage doors and shutters may be painted the same color that is being used for the trim of the house. The same body color may also be used on the garage door.
4. Shutters only may be painted the same color that is being used for the front door.
5. There will be no accenting of any part of the house.
